

Reflection Conference

1. In general, how successful was the lesson? Did the students learn what you intended for them to learn? How do you know?

2. If you were able to bring samples of student work, what do those samples reveal about those students' levels of engagement and understanding?

3. Comment on your classroom procedures, student conduct, and your use of physical space. To what extent did these contribute to student learning?

4. Did you depart from your plan? If so, how, and why?

5. Comment on different aspects of your instructional delivery (e.g., activities, grouping of students, materials and resources.) To what extent were they effective?

6. If you had a chance to teach this lesson again to the same group of students, what would you do differently?
